

Business is About to Get Easier. More Than Payments

Run Your Business

Our online, easy-to-use reporting service, gives you the information to manage your account 24/7/365.

Elavon is more than just PDM Healthcare endorsed payment processor. With a full suite of business solutions, Elavon provides more ways to manage and grow your business than the average payment processor. Elavon's POS solutions and stored value cards can help you stay connected with customers by growing your marketing opportunities. Online reporting and bill pay management help make back office functions less cumbersome. Throw in 24/7/365 customer support and available next-day hardware replacement, and business is about to get a lot easier.

Connect With Customers

Marketing is made easier with point of sale email capture. An available POS system has built-in templates to create impactful marketing outreach campaigns.

Data Security

Elavon carries a full suite of EMV capable terminals. Add that to our comprehensive approach to helping businesses securely manage cardholder data and you gain the peace of mind that comes from knowing your business is protected.

Sell Anywhere

In-store or on the go, Elavon's mobile solutions provide the freedom to take payments anywhere you do business.

Speed Cash Flow

Electronically present invoices/bills and accept consumer payment in response. Elavon's bill payment portal supports invoice/bill payment by credit, pin-less debit, and ACH on a platform that looks just like your own website.

Let us show you how we can help your business grow!
